THE NEWSPAPER LAW.

1. All subscribers who do not give express notice to the contrary are considered wishing to continue their subscription.

2. If subscribers order the discontinuance of their periodicals, the publisher may continue to send them until all arrears are paid.

3. If subscribers refuse or neglect to take their periodicals from the office to which they are directed, they are responsible until they have settled their bills and ordered discontinued.

4. Subscribers moving to other places without informing publisher, and the papers sent to the former address, are held responsible.

The courts have decided refusing to take periodicals from the office, or removing leaving them uncalled for prima facie evidence of fraud.

Subscribers pay in advance until an express with all arrearages, are liable to the publisher.

Latest postal laws are against newspaper publishers. Many one for fraud as a paper and refuses to let it. Under the law no one who allows his sub-

scription to run along some time unpaid, and then orders the postmaster to mark it "refused" and have a postal card sent notifying the publisher, leaves himself liable to arrest and fine, the same as for theft.

SURROUNDED BY MYSTERY!

A Great Mistake.

A recent discovery is that headache, dizziness, dullness, confusion of the mind, etc., are due to derangement of the nerve centers which supply the brain with nervous force; that indigestion, dyspepsia, neuralgia, wind in stomach, etc., arise from the derangement of the nerve centers supplying those organs with nervous fluid or force. This is likewise true of many diseases of the heart and lungs. The nerve system is like a telegraph system as will be seen by the accompanying

Diagram. The little white lines represent the nerves which convey the nervous force from the nerve centers to every part of the body, just as the electric current is conveyed along the telegraph wires to the telephone station, large or small. Ordinary physicians fail to regard this fact, and are ignorant of the means for curing the disease, for the cause of the disorders arising therefrom is not to be found in the past history.

Franklin Miles, M. D., LL. B., the highly celebrated specialist and student of nervous diseases, and author of many noted treatises on the latter subject, has since realized the truth of the first elements and his Restorative Nervine discovery. See his dance, "Dancer," etc. It is sold in 100 drams in a small bottle. Price \$1.00, or sent direct by the Dr. Miles Medical Co., Newark, N. J., on receipt of price \$1 per bottle, six bottles for \$6, express prepaid.

Restorative Nervine positively cures no

epilepsies or dangerous drugs.
